Dear Mr. Morris:

Re: Fourth Time Extension Request, Temporary/Portable On-Site Coal Processing/Screening Facility, Genwal Coal Company, Crandall Canyon Mine, ACT/015/032, Folder #2, Emery County, Utah

On July 11, 1988, Andy King of Genwal Coal Company contacted (telephone conversation with James Leatherwood) the Division and requested a two-week time extension to use the temporary on-site coal processing screening facility. The requested extension is from July 18 to July 29, 1988. The time extension was requested due to a non-approval from State Health for the Mohrland Temporary Screening and crushing facility.

Please provide any written comments you may have on this extension by July 17, 1988. If you have any questions, please contact James Leatherwood or myself.

Sincerely,

Susan C. Linner
